

Homework Project Challenge

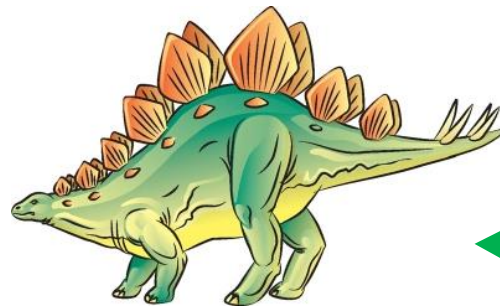

For homework for the next 5 weeks I would like you to do a project on Dinosaurs. You may either

- find out about 1 particular dinosaur or a group of dinosaurs e.g. armour plated,
 - do a timeline of dinosaurs
 - find out more about fossils and the work of palaeontologists
 - use a map to find out where dinosaurs lived
 - find out how big they were, which was the biggest/smallest/heaviest?
 - find out why the dinosaurs died out
- or an idea of your own.

You can decide how to present your work. e.g.

- A poster
- Make a model
- Information booklet
- Painting or drawing
- Write a story

Be as creative as you like!

Please bring your
projects in by
Friday 13th
October.
