Dear Parents and Carers,

Our value for this term is **Courage**.

There is huge potential to cover this value in many different ways. The introductory assembly that children have listened to is on the school website. Please take a few minutes to look at the assembly. It shows 'famous' people who the children may have heard of who have changed the world through their bravery and also 'ordinary' children who have broken through fear and difficulties with their bravery in their everyday lives. We hope that you will be able to use the assembly as a starting point to help you to engage with your child and support their learning in school.

For this term, 'Person of Courage' certificates will be awarded to children who have shown courage and have been nominated by three people. The act of courage may be at school or at home. Parents and other family members are very much encouraged to nominate their child. Staff members have also been given a courage challenge to be completed on the last day of term.

It will be wonderful to hear stories of Courage throughout this term. It is a value that will help our children throughout their lives and give them the skills to stand up and be strong when things are difficult. Here is a quote from W. Clement Stone (author) that reminds us about the importance of having courage.

“Have the courage to say no. Have the courage to face the truth. Do the right thing because it is right. These are the magic keys to living your life with integrity.”

We all know people in our lives that show great courage every day- share their stories.

Yours Sincerely

Sandra Hall
